As a local authority, Middleton Stoney Parish Council has several procedures in place to ensure that it complies with The Data Protection Act 2018 when holding personal information. The Parish Council has also notified the Information Commissioner that it holds personal data about individuals.

Individuals must be informed, upon request, of all the personal information held about them.

Only staff and Councillors can access the data. It should be stored securely so it cannot be accessed by members of the public.

Storing and accessing data

Middleton Stoney Parish Council recognises its responsibility to be open with people when taking personal details from them. The Councillors and Clerk must be honest about why they want a particular piece of personal information. If, for example, a member of the public gives their telephone number to the Clerk or member of the Parish Council, this will only be used for the purpose it has been given and will not be disclosed to anyone else.

Reviewed Date: [November 2027](#)

The Parish Council may hold personal information about individuals such as their addresses and telephone numbers. This information will be kept in a secure location on the Clerk's Computer and is not available for public access. All electronic data stored by the Parish Council is password protected. Once data is not needed anymore, if it is out of date or has served its use, it will be deleted or disposed of securely.

The Parish Council is aware that people have the right to access any personal information that is held about them. If a person requests to see any data that is being held about them:

- They must be sent all the personal information that is being held about them.
- There must be an explanation for why it has been stored.
- There must be a list of who has seen it.
- It must be sent within 40 days.

Disclosure of personal information

This is acceptable if a Councillor needs to access personal information to help carry out their duties. They can only access as much personal information as necessary and should only be used for that specific purpose. However, before they access any sensitive personal information about a person, they would need consent to do this from the Parish Clerk. Data should never be used for political reasons unless the data subjects have consented.

Reporting on requests

The Parish Council will maintain a Disclosure Log which will be reported annually. The Log will include how many requests for information have been received under which items of Legislation (DPA, FOI, or EIR), whether the statutory response timescales have been complied with and the sector the request had come from (business, local MPs, members of the public within the district, or members of the public outside the district).

Confidentiality

Middleton Stoney Parish Council Councillors and staff must be aware that when complaints or queries are made, they must remain confidential unless the subject gives permission otherwise. When handling personal data, this must also remain confidential.
